TUG IN BATTLE AGAINST BILLOWS

Efforts Made to Reach Shipwrecked Crew of a Lake Freighter

Vessel Driven Ashore on Pancake Shoals in Superior

(By Associated Press)

Sault Ste. Marie, Michigan, November 15.—The Great Lakes Towing Company tug Iowa was fighting its way early today through the storm-tossed waters of Lake Superior toward Pancake Shoals, bent upon rescuing a part of the crew of the Becker Line steel freighter Francis J. Widlar, which was dashed upon the shoals and wrecked during one of the most severe storms in the lake's history.

Captain Arthur Forbes, of Ashtabula, Ohio, in command of the stricken vessel, probably accompanied by some members of the crew, was picked up last night by the steamer Livingstone.

He asked that life savers from the men left on his stranded ship. Captain Forbes, in his message made no mention of loss of life. The vessel carried a crew of thirty-three men.

Due to lack of telephone and telegraph facilities the Crist Point life-savers could not be notified of the Widlar's crew's plight last night.

PART OF CREW TAKEN ASHORE

(By Associated Press) Superior, Wis., November 15.—Half the crew of the Becker Line steel freighter has been taken off the vessel which is wrecked on Pancake Shoals, Lake Superior, according to word received early today by Superior agents of the line. The message said the remainder of the crew would be taken off in the course of the day.

VENIZELLOS IS PROBABLE HEAD OF THE GREEKS

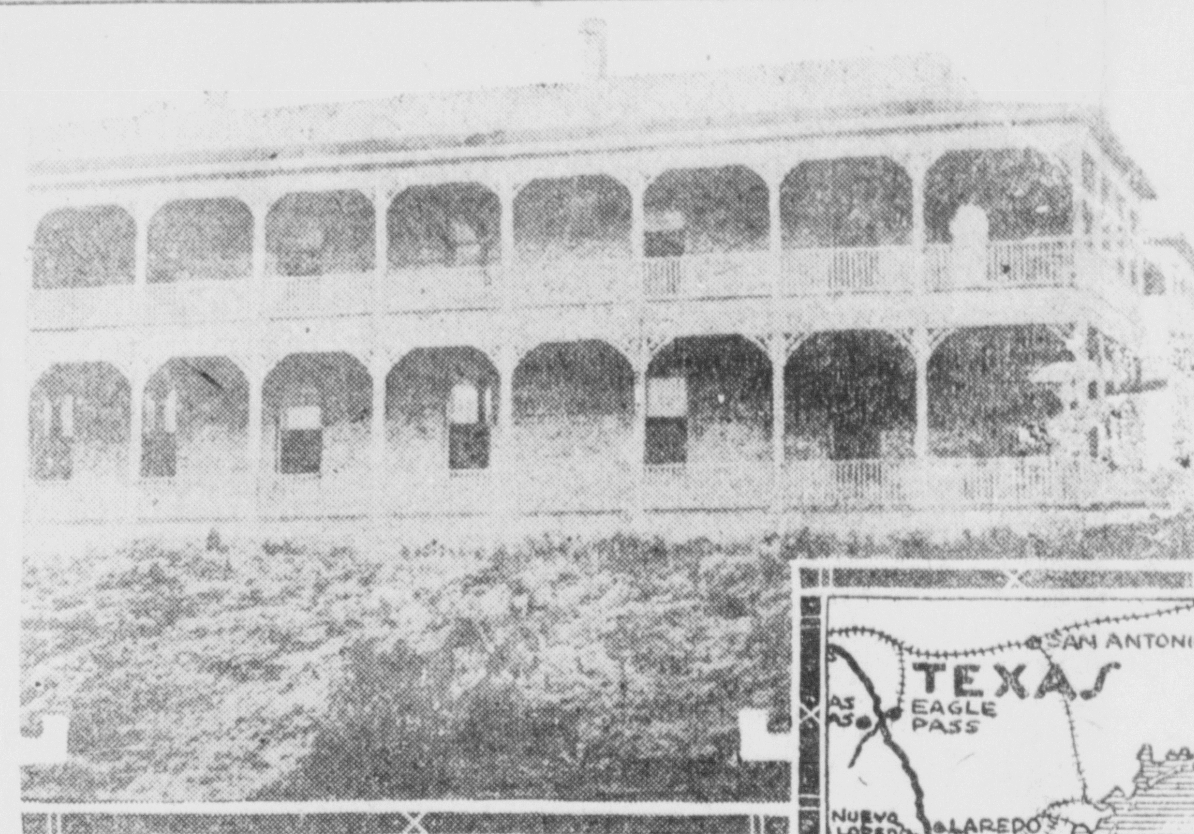

Claims Victory in Bitter Contest Waged

King Constantine Sought Return to Throne

(By Associated Press) Athens, Greece, November 15.—Victory in the Greek election held yesterday was claimed early this morning by Premier Venizelos. Actual returns, however, are as yet meager. Throughout the campaign, which was conducted with unparalleled bitterness, the Premier was the storm center; and if his assertion that his followers were successful is confirmed by the actual count of votes it means for him a personal as well as political triumph.

The issue of the campaign was the return of former King Constantine to his throne, from which he was deposed during the world war.

town is reached by train from Brownsville. Harding is dividing his time between fishing and golfing. From there the newly elected executive and his party will go to Panama for a trip through the canal, returning next month.

ARRESTS FOLLOW MOVIE TRAGEDY

Violation Of An Ordinance Barring Children Unescorted Caused Deaths

New York Movie Men Notified Of Rigid Enforcement Of Law.

(By Associated Press)

New York, November 15.—A crusade for stricter enforcement of the city ordinance forbidding motion picture proprietors to sell tickets to minors unless accompanied by parents or guardians was started by the police today as a result of the panic on the lower East Side last night, when six children were trampled to death in a mad rush following a false fire alarm.

The police department sent warnings to all movie houses that the ordinance would be strictly enforced and violations would be vigorously prosecuted.

Bernard Weinberg and Max Schwartz, proprietors of the Catharine Theater, and Joseph Colicane, janitor, were arrested after the tragedy last night, charged with manslaughter. Early today the charge was changed to criminal negligence and they were held without bail for arraignment this afternoon.

Most of the twelve other youngsters seriously hurt were said to be in a critical condition early today. It was said that hospitals where they were taken that some of them probably would die.

EXPECTED TO BE FLOOR LEADER IN THE NEXT SENATE

Senator Charles Curtis.

Senator Charles Curtis of Kansas, Republican whip, is said to be slated for the floor leadership in the next senate if Senator Lodge, present floor leader, is given a cabinet position in the new administration. Curtis has announced that, after President Wilson leaves office, he will introduce a bill to definitely establish the disability of a president in the future if the situation caused by Wilson's breakdown should be repeated.

The panic occurred when some of the patrons, noticing curling shadows cast on the screen and catching the odor of smoke, yelled "fire" and dashed simultaneously for liberty.

The smoke was caused by the janitor starting a fire in the furnace. In the confusion that followed, scores of little tots were hurled to the floor, furnishing a wailing, writhing carpet over which the others escaped.

DEATH CAUSES MUCH SADNESS

(By Associated Press) Athens, Ohio, November 15.—News of the sudden death here late last night of President Alston Ellis, of Ohio University, evoked expressions of grief from all sides today.

Official memorial services were announced by the university for Wednesday afternoon, but plans for the funeral have not yet been completed.

CHILDREN CRUSHED TO DEATH IN PANIC

(By Associated Press)

New York, November 14.—A paper clogged furnace flue, which caused smoke to fill the Catharine Theater, a motion picture house in the East Side, Italian quarter, raised a cry of "fire" late today, and in the ensuing panic six tots between the ages of two and ten years were trampled to death. Twelve others were seriously injured.

The little theater was crowded to capacity. Children filled most of the 300 seats.

"My God, it's a fire!" This shout came from an elderly woman who gathered a little one under her arm and ran for the nearest exit. Immediately loud wails arose.

Children began to cry. They jumped from their seats, jammed the aisle and fought for passage. The lights flickered out.

HEROIC PEDDLER

Camillo Brullo, who sells bananas from a pushcart on the Bowery rushed to the scene. He darted into the theater attempted to shout down the cry. Failing, he saved those he could. Camillo carried more than fifteen tots to safety, then collapsed.

Frantic men and women learning of the disaster crowded before the little theater. A police station nearby was also crowded.

Excitement attending the panic kept children from returning to their homes and many women fought for admittance to the theater.

The proprietors were held pending investigation of charges that one of the front exits of the theater was locked.

Plan to Meet Intricate Problems in World Affairs Is Evidenced

Many Prominent Men of Many Countries Are Assembled.

Unofficial Observers From America to Keep The United States Advised

Recognition of Soviet Regime To be Considered

(By Associated Press)

Geneva, Switzerland, November 15.—Determination to meet intricate problems in world affairs and to lay the foundation stone of the League of Nations was evidenced in the demeanor of delegates of 41 countries when they convened here today, for the first session of the Assembly of the League.

Men who have been long prominent in the arena of world politics were present when Paul Hymans, temporary president and former Belgian foreign minister, appeared on the platform of the hall of the League and called the meeting to order.

The United States was not represented officially at today's session, but throughout the session there will be present American "observers" who will keep Washington fully informed of developments.

Election of a permanent president and several vice presidents and appointment of a few committees was the first work to be disposed of.

A definite system of disarmament and a plan for using the economic blockade against nations that transgress the orders of the League will be among the principal subjects discussed.

In addition the plans for an international court which was framed at Brussels during the summer will receive attention.

The result of the presidential election in the United States has been a subject of conversation among delegates but there has been no indication that any effort has been made to get in touch with either Washington or the president-elect.

The defeat of General Baron Wrangel's forces in South Russia having brought about a new phase in the affairs of Russia, it seems that recognition of the Soviet government will be at least informally discussed before the Assembly adjourns.

SEBASTOPOL IS TOTTERING

(By Associated Press) Constantinople, November 15.—Capture of Sebastopol is expected tomorrow.

Fragments of General Wrangel's army have been embarked on Russian and French warships and General Wrangel probably will leave on the French battleship Rosseau.

18 AIRPLANES WILL TAKE PART

(By Associated Press) New York, November 15.—Application for entries in the Pulitzer Trophy airplane race at Mineola, New York, on Thanksgiving will not be considered after today, it was announced by the committee of the Aero Club of America under whose auspices the race will be held. Eighteen planes have been entered.

Harding and Party To Make Another Effort to Reach Brownsville

Cold and Wind Have Kept All Close to Frail Cottages

(By Associated Press)

Point Isabel, Texas, November 15.—His vacation broken up and roadways to the outside world temporarily blocked by one of the worst storms known in this region President-elect Harding planned to make another attempt to get into Brownsville to spend in comfort the remaining two days of his visit to Texas.

He already had said goodbye to the frail seaside cottage that has housed him through three days of wind and cold, but his efforts to get away came to grief when his special train, narrow gauge and gasoline propelled, broke down just outside of Point Isabel.

In Brownsville Mr. Harding is to meet Senator Fall, of New Mexico, who was chairman of the Senate Subcommittee on Mexican affairs and they are expected to talk over border conditions. Members of the President-elect's party say there is no special significance in these meetings, however.

During the morning Senator Harding did some work on the speech he is to deliver next Thursday at New Orleans, just before he sails for Panama.

ANOTHER VICTIM OF FEVER IN STRICKEN CITY

Source of Contamination Not Yet Ascertained Says Health Official

Change in Weather Causes More Pneumonia Cases

(By Associated Press) Alliance, O., November 15.—Another death occurred today at Salem, bringing the total number of fatalities as a result of the typhoid fever epidemic up to eleven.

State officials said today the number of fever cases was at a standstill, but pneumonia was developing and increasing rapidly.

The change in the weather conditions, it is feared, will greatly multiply the number of pneumonia cases and probably will swell the fatalities list.

State Engineer W. H. Dittie stated that the source of the infection is not yet determined, the water basin having been carefully examined and no signs of typhoid fever germs having been discovered.

PRETTY GIRLS OF THE STAGE ARE MURDERED

Blood-Covered Bodies of Actresses Found in Grant Park Chicago

Think Murder Committed Outside of Famous Park

(By Associated Press) Chicago, November 15.—Two young and pretty actresses are lying here today in the morgue while police searched for clues to their death early yesterday in Grant Park within a few hundred feet of Michigan Boulevard.

The girls died under circumstances that indicate murder.

A mysterious telephone call notified police in mid-morning yesterday that the bodies were on the lake front 50 feet from the Chicago Yacht Club at the foot of Jackson Boulevard.

The hair of both girls was matted with burs. There are no burs of any kind in Grant Park. The bodies were bruised and covered with blood.

James Meeks and Robert McCarthy, employees of a theatrical company playing here, identified the bodies as Miss Marie Almer Ramey, a stock show player, and Miss Lillian Thompson, said to be the daughter of John Thompson, chief engineer of the New York Hippodrome.

WOMAN PLACED ON TRIAL FOR KILLING THREE

Is Aunt of Three Little Children Who Were Poisoned

(By Associated Press) Newport, Ky., November 15.—Ida Warner, charged in three indictments with causing the death on September 17 by poisoning of Shiria Williams, aged 4, and Carl Williams Jr., aged 2, and Sandy Williams, 4 months, children of Mr. and Mrs. Carl Williams of this city, was placed on trial in the Campbell county circuit court here today. She had previously entered a plea of not guilty. Mrs. Warner is a sister of Mrs. Williams.

REV. CHERRINGTON PREACHES SUNDAY A. M.

Superintendent of the Chillicothe District, Methodist Church, Rev. Arthur P. Cherrington, delivered the sermon at Grace Methodist Church Sunday morning.

Rev. Cherrington's address was of a highly spiritualistic character and was delivered under the subject of "Heaven." His talk was chiefly concerned with service on earth and a continuation of service in the hereafter.

The Superintendent delivered the

sermon at the Bloomingburg Church in the afternoon and at the Mt. Sterling Church in the evening.

Rev. Cherrington is a former pastor of Grace Church.

It was announced at the services Sunday that Grace Church will hold its quarterly conference Tuesday evening at seven-thirty o'clock.

HAD TO UNBUTTON CLOTHES TO RELIEVE GAS PRESSURE

Bloated up fearfully, gas pressed against his heart and he almost choked. Almost unconscious from these attacks on two occasions, Dreco Relieved Him.

Mr. J. O. Hamston, the popular and well known motorman on the White Line of the Dayton Street Railway Company, in a statement, recently said, "Dreco is very popular among the conductors and motormen for I often hear them speak of it. My troubles always come right after meals and especially after supper. I would lieat fearfully and have to unbutton my clothes to get any relief. The gas would get so bad it would press my heart, choke me up and several times it had attacks that almost made me unconscious; I got pretty scared for my heart felt funny."

"I got where I was afraid to eat a good sized meal and almost starved myself so that I got weak and nerv-

ous and had to lay off from work and lose time; my bowels were bound up for days at time. I couldn't sleep much from nervousness, gas and heartburn. I had a pain in the back of my head and I'd have terrible dreams like I was falling off a high rock, or drowning and wake up with a violent start, almost jumping out of bed and badly scared.

"The first thing I noticed after taking Dreco was the sound, peaceful sleep which refreshed me; no dreams nor violent scares; then my bowels began to act free and easy; my stomach because soothed and gas disappeared so it was no longer necessary to unbutton my clothes. I eat big meals, digest them—eating things now that I've denied myself for months and feel tip top all the time; Dreco is the finest medicine I ever heard of."

All druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher.—Advt.

TRAGEDY BRINGS NOTICE OF LAWS BY AUTO CLUBS

In connection with the tragedy which occurred near this city on the Circleville pike Saturday evening in which George Lawrence Moxley lost his life when his auto collided with a road wagon, the Fayette County Automobile Club has called attention to two sections of the Motor Vehicle Law of Ohio.

It is claimed that the Moxley car was running with only one light, and at excessive speed, and that it was on the right hand side; also that the wagon, which was piled high with household goods, was not equipped with a light of any kind.

Sections 12614 and 12614-3 read as follows:

"Section 12614 (Failure to provide brakes, lights, etc.)—Whoever operates or drives a motor vehicle upon the public roads or highways without providing it with sufficient brakes to control it at all times and a suitable and adequate bell or other device for signalling, or fails during the period from thirty minutes after sunset to thirty minutes before sunrise to display a red light on the rear thereof, and three white lights, two on the front and one on the rear thereof, the rays of which rear white light shall shine upon and illuminate each and every part of the distinctive number borne upon such motor vehicle, the light of which front lamps to be visible at least two hundred feet in the direction in which such motor vehicle is proceeding, shall be fined not more than twenty-five dollars."

"Section 12614-3 (Light to be visible from front and rear of vehicle)—It shall be the duty of every person who operates, drives or has upon any public street, venue, highway or bridge a vehicle on wheels, during the time from 1 hour after sunset to 1 hour before sunrise, to have attached thereto a light or lights the rays of which shall be visible at least two hundred feet from the front and two hundred from the rear. Provided however that this section shall not apply to a vehicle designed to be propelled by hand or to a vehicle designed principally for the transportation of hay or straw while loaded with such commodities. A person violating the provisions of this section shall be guilty of a misdemeanor and shall be punished by a fine not to exceed twenty-five dollars."

BUSINESS EXPERT ADDRESSES PUPILS MONDAY AFTERNOON

H. W. Karr, a business expert, who will address local merchants tonight on the subject "Getting the Most Out of Retailing" arrived early this morning from Dayton. At one o'clock this afternoon he spoke to a large number of pupils in the high school auditorium. To them he talked on community welfare.

Mr. Karr, who represents the National Cash Register Company, gave the high school pupils a fine entertainment. Accompanying his lecture more than 100 stereopticon slides and 2,000 feet of moving pictures were shown.

"Every city has an opportunity to expand in the right way," Mr. Karr said. "There are certain underlying principles that may be applied to every community and there is no reason why ever city does not make strides in the right direction."

The speaker complimented the local schools and said Washington Court House is one of the most at-

Craig Brothers send clothes to Persia

We've never said much about our customers outside of Washington C. H. and vicinity; it has seemed to us only a part of the day's work to send clothes and furnishings across many states to loyal friends of our store.

But you ought to know about an unusual opportunity for service which came to us recently.

Mr. Ivan O. Wilson of Resht, Persia—nearly 8000 miles from here—wrote as follows to an uncle in Greenfield:

"Uncle Will: Please buy for me a good black cravenette overcoat made by HART SCHAFFNER & MARX, none other will satisfy me.***"

Ours was the pleasure of filling this order. It called for an unusual amount of service—a trip to Greenfield—a rapid exchange of letters and quick action; but we were equal to the occasion in every respect. On October 20th, we received the order for the coat, which was not in stock; on the 22nd it was on its way to many seasons of wear in the far east.

Mr. Wilson got the best kind of overcoat and the best kind of service we know of; yet his was merely a "long distance" experience of a combination we offer daily to the men and boys of this vicinity—a combination that gives satisfaction every time—or money back.

Just now while we are selling Hart Schaffner & Marx clothes at one-fourth off, it is not necessary to indicate further the rare opportunity that is here presented.

SLEUTHS BUSY ON BIG THEFT FROM MAIL BAG

\$93,000 in Currency Supplanted
By Paper Cut Size of Bills

Disappears Between Pittsburg
And Weirton, W. Va.

(By Associated Press)
Steubenville, O., November 15.—Post office inspectors assisted by insurance operatives and detectives are scouring the territory between this city and Pittsburg for clues that will lead to the arrest of persons responsible for the theft last Thursday of a registered mail bag containing \$93,000 pay roll for the Weirton Steel Company of Weirton, W. Va., opposite this city.

The robbery was kept a close secret until last night when it leaked out. The currency which was shipped from Pittsburg via the Pittsburg post office and Pennsylvania railroad had changed to two bundles of paper cut the size of banknotes when the mail bag arrived at the Weirton post office where it was opened by representatives of the steel company. The money was insured by a Pittsburg firm.

FINDING BANK MESSENGER'S BODY HELPS CLEAR MYSTERY SURROUNDING HIS DEATH

Burlington, N. J., officials at grave of murdered David S. Paul.

The mystery surrounding the disappearance of David S. Paul, runner for a bank at Camden, N. J., was partially cleared up recently with the finding of Paul's body in a grave in the Jersey pines in Burlington county. Duncan and Tustin, the officials who found the body, are shown at the extreme left and right, respectively, of the picture above. Two salesmen of Camden are held for the messenger's murder. Paul had \$95,000 in cash and checks with him when he disappeared.

EXCESSIVE PRICE NOT KNOWN THERE

Charles Elliott, formerly of this city, now of Johnstown, Pa., while visiting here during the past few days stated that in Johnstown the price of good coal delivered is \$5.25 a ton and the price of gas is 30 cents per 1000 cubic feet.

He was surprised at the coal and gas price being asked in Ohio cities.

TO DISTRIBUTE VICTORY MEDALS

For the purpose of distributing seventy-five Victory Medals applied for by Fayette county ex-service men, planning the work of the American Legion in the Fourth Roll Call of the Red Cross, and taking up county wide campaign for membership in the local legion organization, the Paul H. Hughey Post will meet Thursday evening at Memorial Hall at 7:30.

Post Commander Roy A. Tharp states that there are 75 Victory Medals yet to be given to the applicants and he requests all those who have not received their awards for service to be present.

It is also planned to consider a campaign for membership for the Paul H. Hughey Post. The present membership totals well over one hundred but the Legion feels that it is not reaching the bulk of the former service men and will attempt to double or triple the enrollment.

The Hughey Post has pledged itself to assist in the Fourth Roll Call of the Red Cross and will carry out its promise to the letter. Completion of plans for covering the county by automobile will be made at the Thursday meeting Sunday, November 21, will probably be the day selected for the work.

BOYS' DEPARTMENT REOPENS THIS WEEK

Wednesday or Thursday of this week the Boys' Department of the Y. M. C. A. will be reopened on a larger and a much more comprehensive scale than ever before.

Some Big Deals

America, with her tremendous wealth, the marvelous ability of her citizens to organize and develop great projects, is already reaching out into the great world to get its share of the readjusted trade.

There are many gigantic private projects now well toward realization which compel the admiration of the world and seem destined to bring tremendous profits to America and American business men who have had the ability to see and the daring to take the initiative.

The formation of a two hundred million dollar syndicate for the purpose of financing commerce with European nations is one of the big practical things now really under way.

The larger project, and one which has yet to prove its soundness, is that proposed by Mr. Vanderlip, now in Russia. According to his plan American business men will enter into an arrangement to furnish Soviet Russia with more than one billion dollars worth of needed supplies and manufactured articles. In exchange this great syndicate is to receive from the Soviet some several hundred thousand acres of territory which will provide the syndicate with pulp wood, coal, ore, crude oil, fur and grain.

The proposal offers a tremendous temptation but there are obstacles principal among which is the uncertainty of the Soviet regime and the very great danger that, if the Lenine and Trotzky government remains in power it will have as little regard for the obligations of a private contract as it declares for national treaties.

The objection to the billion dollar proposal is basic and it will be a difficult one to overcome. American financiers will be a little backward about sending more money into Russia under Sovietism.

Auto Bandits

The bold robbery of the Kingston bank brings auto banditry closer home to us here in Fayette county than it has ever come before.

The ease with which three desperadoes held a community at bay and completely looted a bank in broad daylight and making a clean get-away with a whole hide and the contents of the bank is cause for us all to pinch ourselves and wake up.

It seems plain that our law-making and law-enforcing powers in nation and state must provide some new plans and machinery for protecting life and property from the depredations of that new and dangerous class of criminals developed by the automobile.

There must be better means for guarding and patrolling the highways of the nation and the state and there must be a heavier penalty inflicted on those guilty of robbery. Some method should be devised to keep a check on automobile users and to prevent those vehicles, which can be made an instrument for the commission of crime, from getting into the hands of the desperadoes.

Taxpayers must make up their minds to open their pocket books if necessary to meet the cost of protecting society against a new and a terrible menace.

Base Ball War Danger Over

The black clouds of war which, only a few days ago, were menacing base ball, seem to have passed away and predictions for a peaceful and prosperous season during 1921 are made by all the magnates.

There will not be, according to announcement, any twelve club National League and no new formed American League. The identity of the two leagues is to remain the same and each league is to retain its own separate government. In that particular Ban Johnson and the five "loyal" American League club owners have been victorious in the joint discussion.

There is to be no surrender of the power of self government by either league.

Ban Johnson remains supreme in the American League and that means that the interests which would commercialize base ball to the exclusion of the sporting feature of the game will have rough sledding.

Fans everywhere are glad to see the horizon of base ball free of the clouds of storm and scandal. The game has suffered enough during the last few months. What it needs now is less noise from the magnates and some real base ball next summer.

POETRY FOR TODAY

SONNET

I long for understanding; day and night
This awful loneliness I cannot bear;
In all the earth there is not one to care.
No one to penetrate, with love, aright.
Men are too sensual, they have no sight.
The inward piercing spirit is too rare.
Of clay compounded grossly, ill they fare;
And, wrapped in silence still, I yearn for light.

If I could yield myself to one great wave,
Surrender spirit first, then all be-
sides;
Lay down my arms before a power confessed;
Then should I gladly own my self a slave
To him who overmastered my poor pride;
Cease wandering, alone, and be at rest.

FOURTEEN POUNDS OF BLOOD

Every healthy adult should have a definite quantity of rich, red blood coursing through their veins

Pepto-Mangan Makes Red Blood

Builds up men and women who lack energy

A healthy, full-grown person has in the neighborhood of fourteen pounds of blood in his or her body. The weight of the blood varies with different people, but it should not vary with the individual.

For instance, if the normal weight of your blood is twelve pounds, and it fall off a pound in weight, it is one of the most precious pounds in the world and should be immediately regained.

To turn weak, watery blood into live red, health-building blood, take Gude's Pepto-Mangan.

Gude's Pepto-Mangan is an absolutely dependable red blood builder in all conditions of lower vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. With out "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—Adv.

Lancaster, Pa.—"I was weak and run down, had pains in my head, back and stomach all the time, and bearing down pains. I had used Lydia E. Pinkham's Vegetable Compound and it helped me, so my mother got me to try it again, and I am now feeling better than I have for years. We were married sixteen years and had no children, but now we have a fine big boy and we always call him our 'Pinkham' boy. The doctor was afraid of my case as I was 41 years old when the boy was born, but I came through all right. You can use this as a testimonial if you wish and I will certainly write to any one who writes to me about it."

—Mrs. MARGARET G. HAVELAMP, 520 Howard Avenue, Lancaster, Pa.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

World Fellowship Week of Prayer,
which is being observed by Y. W. C.
A.'s all over the country was ushered
in Sunday by the local Association
with a World Fellowship tea from the
hours of four to six, at the Y. rooms
on Market street.

More than fifty women and girls
joined together in thoughtful observ-
ance. Miss Pretts instructor in the
Washington High School conducted a
short service of worship. Four young
girls, Misses Jessie Sunkle, Beota
Haines, Helen Durant and Mabel Sun-
kle, accompanied by Miss Lizzie Ellen
Green at the piano, sang two songs.

Miss Townsend gave an interesting
account of the work of the Y. W. C. A.
in foreign lands, speaking especially
of the great benefits derived from
this organization, and emphasized the
need for further work. She also in-
troduced "the four guests" of the af-
ternoon, who told entertainingly what
the "Y" had done for them. Miss Lil-
lian English represented Buenos

Ayres, Miss Dorothy Briggs, Japan,
Miss Vonna Berniece Hicks, China,
Miss Mary Brandt, Italy. The girls
were pretty and picturesque wearing
the native costumes of their home
lands. Mrs. F. G. Carpenter closed the
program effectively with a poem in
Italian dialect.

The serving of tea and waters added
to the social part of the gathering.
Candles lighted the rooms.

The Tuesday noon lunches at the
Y. W. C. A. continue to grow in popu-
larity. At the one this week, Tuesday
the sixteenth, Mrs. E. W. Harvey,
(Roberta Stokesbury) who possesses
a beautiful soprano voice, and Miss
Mildred Kid, as pianist will furnish
a delightful program of music.

A piano recital devoted exclusively
to the interpreting of etudes was giv-
en on Saturday afternoon at Miss
Lights studio by pupils from her class.
Miss Light gave a short talk explain-

Mr. and Mrs. Norman McLean cele-
brated their fifty fourth wedding an-
niversary with a most delightful family
dinner Sunday evening at six o'clock.
Twenty-five members of the family
were seated together at a long table
having for its center piece an im-
mense basket of pink chrysanthem-
ums.

A three course dinner of the sea-
son's delicacies was served and the
dinner hour proved one of spontane-
ous pleasure, spiced with congratula-
tions and good wishes galore for the
father and mother, who attained this
unusual anniversary in such health
and happiness of a united family cir-
cle as is rarely found.

Edison music added to the evening's
social features. Rose chrysanthem-
ums gave a charming color note to
the living room and white chrysanthem-
ums graced the parlors.

Both Mr. and Mrs. McLean are na-
tive born Fayette countians and have
lived out their entire married life on
the McLean farm on the Leesburg
pike where they went to housekeeping
after the wedding.

Mrs. McLean was before her mar-
riage, Miss Lucinda Garlanger.

Celebrating the anniversary with
them were children and grand chil-
dren—the two daughters, Mrs. John
Merriweather and Miss Fannie Mc-
Lean and six sons, James, Earl, Rob-
ert, Howard, Walter and Harold.

Besides a large number of relatives
the friends of Mr. and Mrs. McLean
who share in the interest of the
anniversary are legion.

Miss Lavon Cockerill was down
from Columbus visiting her mother,
Mrs. Mary Cockerill over the week
end.

Miss Louise Arehart and Miss Ger-
trude Bangarner, of Columbus, were
week end guests of Miss Arehart's
sister Miss Bess Arehart.

Mr. and Mrs. Perry Adams, of Co-
lumbus were guests of Mrs. Adams'
aunt, Mrs. Carrie B. Willis, Sunday.

don Pa., who joined Mr. and Mrs. Wil-
lard S. Willis, Mr. and Mrs. Horace
C. Ireland, in Columbus Saturday and
accompanied them to Granville, for
the Denison-Ohio Wesleyan football
game, motored with them to this city
for a short visit, before going on to
Charleston, W. Va. on a business trip.

Messrs. Jay Trobridge and Andy
Robinson came down from Columbus
Sunday night to be the guests of Mr.
C. H. Griffith at the Cherry Hotel and
accompany him on a hunting trip.

Mrs. Helen Kratz, of Akron is here
for an extended stay with her mother
Mrs. Margaret Davenport and sisters,
Mrs. Lizzie Buck and Miss Georgia
Davenport.

Mr. J. W. Patterson, of Atlanta,
Ga., is the guests of his son Mr. Joe
Patterson at the Cherry Hotel.

Dr. H. L. Stitt took Mrs. R. D. Mc-
Clure, who is in quite a serious con-
dition, to Cincinnati, Monday for an
operation at the Good Samaritan Hos-
pital. Mrs. McClure's many friends
are anxiously awaiting later word.

Misses Olea East and Leola Bos-
wick, who are attending Greenfield
Business College, were at their homes
in Milledgeville for the week end.

Mr. and Mrs. R. C. Teft of Milledge-
ville had as their Sunday guests, Mr.
and Mrs. McClellan Summerman, Mr.
and Mrs. William Kerns of South So-
lon; Miss Mary Caldwell of Waverly;
Mr. and Mrs. Ulric Aetion of Milledge-
ville.

Mr. C. E. Bonham returned the last
of the week from a stay of several
weeks at his farm, near Pryor, Okla-
homa, accompanied by Mrs. Bonham,
who was visiting at the homes of her
daughter, Mrs. Ralph C. Browne, and
son, Mr. Frank Bonham, in Cincinnati,
during his absence.

Dr. R. M. Hughey left Sunday night
for a two weeks stay in Cleveland.

Mr. and Mrs. Frank E. Haines ac-
companied by Mrs. Jane Eyre, visited
Mr. Haines' mother, Mrs. Clara
Haines, in Greenfield Sunday.

Mr. W. O. Klever returned the last
of the week from a business trip in
Chicago and spent Saturday in Co-
lumbus.

Mr. and Mrs. D. L. Thompson
daughter, Virginia and son, Andrew,
motored down from Columbus to
spend Sunday at the Creamer home.
Mrs. Alice Meerman and Mr. Fred E.
Creamer accompanied them home re-
maining over Monday.

Miss Emma Baker of Springfield re-
turned to her home Monday morning
after a week's visit with her niece
Mrs. Charles Mathews.

Charles Mathews.

Mr. Charles B. Parker arrived Sun-
day night from Sand Springs, Okla.,
called here by the serious illness of
his mother.

Mr. and Mrs. Hugh Smith and chil-
dren, Charlena and Anell Clyde, Mrs.
Lena Backenstoe and grandson, Waco
Patton, spent Sunday with Mr. and
Mrs. Clarence Edwards near London.

TEN YEARS AGO

(Herald News This Date 1910)

Yegman entered the postoffice at
South Charleston during Saturday
night, worked the safe and secured
\$100 in money and stamps. The burg-
lars drilled a half inch hole near the
knob and worked the tumbler of
the lock opening the door. Postmaster
E. P. Flynn had placed \$1000 in stamps
and money at a bank. The "yegs"
gained entrance by jimmying the win-
dows of Flynn's private office. Every-
thing was torn out of the safe in their
search for money. Taking Harry Bar-
man's horse and phaeton the burglars
drove to Springfield and abandoned
the rig at the Mound street engine
house. The horse was found at the
Burnett road. This is the first time
in sixteen years that South Charle-
ston experienced such a robbery.

Miss Lizzie Ellen Green is studying
music at the College of Music in Cin-
cinnati, going down to the city every
Saturday to take her lesson.

Mr. and Mrs. Albert Snider, daugh-
ter, Katharine, and son Morris, of
Wilmington, were Sunday guests of
Mrs. Anna DeWees.

Dr. William McKibben president of
Lane Theological Seminary, Cincin-
nati, was the guest of Mr. and Mrs.
Austin F. Hopkins over Sunday.

Miss Hazel Franklin had for her
guest over the week end, Miss
Blanche Dyer, of Danville, Virginia.

Mr. W. A. Howland arrived from
Warren, Ohio, Saturday to be the
guest of his sister, Mrs. John Sellman.

Superintendent and Mrs. O. S. Nel-
son and family were motoring guests
Sunday of Mr. and Mrs. Arthur Tump-
kins in Springfield.

Mr. and Mrs. Tom Collopy and chil-
dren were Sunday guests of Mr. and
Mrs. Earnest Minshall of the Greenfield
pike.

Mr. and Mrs. Wert Backenstoe and
Miss Mary Bonham spent Sunday with
Mrs. Clara Bonham and family.

RIVAL SCHOOLS DRAW TIE IN HARD GAME

At Xenia Saturday afternoon sev-
eral local fans, including Coach Chas.
Moorehead of Washington high school,
saw Central High of Xenia and Wil-
mington High fight a 7 to 7 tie on the
gridiron.

Xenia scored in the first quarter on a
long forward pass and Wilmington
scored the tying touchdown in a sim-
ilar manner in the third period.

Neither team was able to make
again through the line and ended
very evenly matched.

ALARM IS SOUNDED AS FORCES CHANGE

As the two forces were changing
shifts at seven o'clock Monday morn-
ing the Fire Department received a
call from the corner of Third and Maple
streets.

Fire Chief Mayo was the only fire-
man in the office when the alarm
sounded and a passerby was called in
to help run the chemical truck to the
fire.

The blaze had originated from a
gas stove, and was out before the de-
partment was on the scene.

WRANGLER FORCES BADLY BEATEN

Army of Anti-Bolshevik Leader Wiped Out. Generals Suicide Wrangel at Sebastopol.

Mob Pillages Red Cross at Sebastopol—American Warships in Vicinity Busy.

Mutiny Credited With Defeat Ukrainians Aided Reds.

(By Associated Press)

Constantinople, November 14.—The army of General Wrangel, the anti-Bolshevik leader in south Russia, has been wiped out and a number of his generals have committed suicide.

A mob in Sebastopol has pillaged the American Red Cross stocks. The American torpedo boat destroyers at Sebastopol are evacuating officers and their families.

The American destroyer Humphreys has gone to Yalta to take off Red Cross supplies. The United States transport Farall has arrived here with 300 sick and wounded who were cared for by the American Red Cross.

It is said that the Reds were joined by some Ukrainians in spreading terror among the populace in Crimea.

The Reds broke through the defense of General Wrangel on the isthmus of Perekop, according to the reports by concentrating twenty divisions against three divisions of the White army. Wrangel's men, although greatly outnumbered, withstood twenty-two assaults.

The commanders of most of Wrangel's units were killed and the losses in men were large. The success of the Bolsheviks is attributed largely to the excellence of its high command, which is said to be directed by a foreigner.

The evacuation of the Crimea is continuing under difficulty. It is a problem how the refugees can be cared for. The Bolsheviks have taken both Yalta and Eupatoria and their cavalry is approaching Sebastopol.

MUTINY CHARGED

Sebastopol mutinies in General Wrangel's army brought about his sudden defeat, it was learned here today. The French war ship Waldeck-Rousseau is in port ready to embark General Wrangel, who is here.

FRENCH GOVT. HAS CONFIRMATION

(By Associated Press)

Paris, November 14.—The French Foreign Office today confirmed the hopelessness of General Wrangel's military situation. The evacuation of Sebastopol by civilians and foreigners is under way, according to the Foreign Office.

Information reaching the Foreign Office says the Bolsheviks crossed over the ice frozen Sivash Sea and attacked the main body of General Wrangel's troops, which then still were holding the Perekop defenses from the rear.

General Wrangel's army, thoroughly beaten, is continuing to retreat southward.

BUY FORD MACHINE FOR THE INFIRMARY

The County Commissioners at their Monday session purchased a Ford touring car for the County Infirmary farm, the need for such conveyance having been keenly felt for sometime in order to bring the farm equipment up to a more modern basis.

The Superintendent of the Infirmary very frequently has use for the machine in carrying out business connected with the institution.

GREEN PLUMES ARE UNUSUAL TRIMMING ON EVENING FROCK

One would be very likely to feel proud as the proverbial peacock in this feathered evening gown. It is of green, chiton and flesh-colored satin, delightfully set off with green ostrich plumage in a most original manner. There are touches of gold gleaming in the dainty riddle in which are bunched little rosebuds.

CANDIDATES FILE A LIST OF EXPENSES

Republicans Expended \$2,693.60 And Democrats \$788.20 In Recent Campaigns.

Only Two Candidates Have Not Filed Expense Accounts As Required by Law.

Virtually expense accounts in connection with the recent campaign are now in the hands of the Clerk of the Board of Elections, only two candidates—W. S. Draper and Ernest Crouse, not having filed their expense accounts as required by law.

The Republican Executive Committee received \$2703.40 and expended \$2693.60, according to the figures filed by the treasurer of the committee.

The Democratic Central Committee received \$788.20 and expended a similar amount.

Various candidates filed expense accounts as follows, being chiefly contributions to the general campaign fund raised by the executive committees:

Louis Perrill \$85; Ray Maddox \$25; Frank Kennedy \$75; Elmer Junk \$60; Nye Gregg \$103.79; N. B. Hall \$63; Ray Moots \$35; Chas. Sever \$7; C. O. Deere \$6.29; C. A. Reid \$150; Harry F. Brown \$150; W. B. Hyer, none; Earnest Lininger, none; David Whiteside \$35; Rell G. Allen \$127.42; John Browning \$35.05.

Expenses of the two executive committees ran all the way from postage to clerk hire.

All expense accounts, under the law must be filed within ten days after the election.

LICENSE PLATES MUST BE CLEAR

Owners of automobiles are warned to keep their license tags free of mud in order that the numbers may be clearly discernable at all times in compliance with the state law.

Many tags according to local authorities, cannot be deciphered on account of the mud collected on them, and in this way violate the law requiring that they be kept free of mud and grease at all times, and properly displayed on machines.

EDUCATOR DELIVERS STRONG SERMONS

Dr. William McKibben, president of Lane Theological Seminary, Cincinnati, delivered two fine sermons at the Presbyterian Church Sunday.

His evening sermon was especially addressed to young people, and forcefully presented the surest way to achievement and success.

YOUNG MAN DIES FROM INJURIES OF COLLISION

George Moxley Fatally Injured On Circleville Pike.

Crashed Into Wagon Loaded With Household Goods.

Both Drivers Failed to Comply With State Law.

Taken to the Fayette Hospital about half past six o'clock Saturday evening with a fractured skull received when his automobile crashed into a wagon load of household goods on the Circleville pike at "Lovers Lane" George L. Moxley died Sunday evening at five o'clock.

Dr. Roy Brown was summoned and seeing that a difficult operation was necessary, Dr. Robert Drury was called from Columbus to assist. A piece of bone was removed from the brain.

The victim of the accident is the twenty year old son of Mr. and Mrs. Edward Moxley, residing on the Lininger farm on the Hess road.

Driving a seven passenger Buick touring car he was coming to this city and was traveling at a good rate of speed when he attempted to pass a team of mules drawing a flatbeds packed high with household furniture, the property of Levi Richardson, of Jeffersonville who was moving to the W. H. Skinner farm below New Holland.

The auto struck the team and then crashed into the end of the wagon. The edge of the platform struck young Moxley full in the forehead after tearing off the windshield and then ripped the top from the car.

Unconsciously the injured man turned the wheel and the car turned over on its side in the ditch. A man by the name of Swift, who was riding with Moxley escaped injury.

Persons who were on the scene say that the wagon and team, and a buggy which was hitched to the rear, were shoved back approximately fifteen feet by the impact. Richardson, the owner of the household furniture who was walking behind the buggy to keep warm escaped being run down by the wagon when it was shoved backwards by gripping the running gears of the vehicle when it struck him.

The driver of the wagon, Sherman Alltop, an employee of W. H. Skinner, was not injured.

The team broke loose from the wagon and was located a mile up the road with the tongue of the wagon and a few pieces of harness hanging to them. Both animals were badly cut and bruised.

Charles Holland and family, who happened to be passing a few seconds after the accident happened drew the injured man from beneath the wrecked automobile and brought him to the hospital in their car.

It is declared by those who were on the scene that the Moxley car had but one light and that it was on the right side.

Alltop stated that he had no light on the wagon, either in front or rear when the accident occurred.

The body of the young man was removed to his home near Johnson's crossing, late Sunday evening.

George Clarence Moxley was an ex-service man, having been shot through the left arm in two places. He was drawing \$80 per month pension because of disability.

He was the son of Mr. and Mrs. E. H. Moxley, residing on the Earl Lininger farm near Johnson's Crossing, and is also survived by several brothers and sisters.

Furniture was scattered in every direction and the left front wheel of the wagon was shattered.

The touring car had the top torn away, the wheels on one side crashed, and was almost a total wreck.

GEORGE MOXLEY FUNERAL SERVICES

Funeral services for George L. Moxley will be held at two o'clock Tuesday afternoon at Grace Methodist Church with Rev. K. B. Alexander officiating.

It will be a military funeral in charge of the American Legion.

Social unrest is but the modern version of what old-fashioned people called greed and envy.

Fordson

There are many Tractors clamoring for the patronage of the farmer. The very air is charged with the noise of claims. One would think that all the farmer had to do was to buy a Tractor and he would enter the Millennium.

Well, consider this fact—there are a great many different makes of Tractors. Tractors have been on the American market for twenty years. In that time some three hundred thousand Tractors have been sold to the farmers in the United States. The Fordson Tractor has only been on the market two years, and in that time more than one hundred thousand Fordson Tractors have been sold to the farmers of the United States.

Two and two make four. Two and two always will make four. If the Fordson Tractor had not delivered more good work, more satisfactory work, more economical work, than any other farm tractor, it would not have sold in the ratio of anywhere from five and more to one. "The proof of the pudding is in the eating." The proof of the superior merits of the Fordson Tractor is in its larger sale and use.

The Fordson Tractor then asks you to buy it because of what it has done for your neighbors. It asks you to buy it on its merits. It asks you to buy it, Mr. Farmer, because you have use for it every day in the year. All the uses for the Fordson Tractor have not yet been uncovered because new places where machine power can take the place of human power, where machine power can supplant horse and mule-power, are being found every week, and wherever such discovery occurs, the Fordson Tractor will fill the bill more satisfactorily than any other form of power.

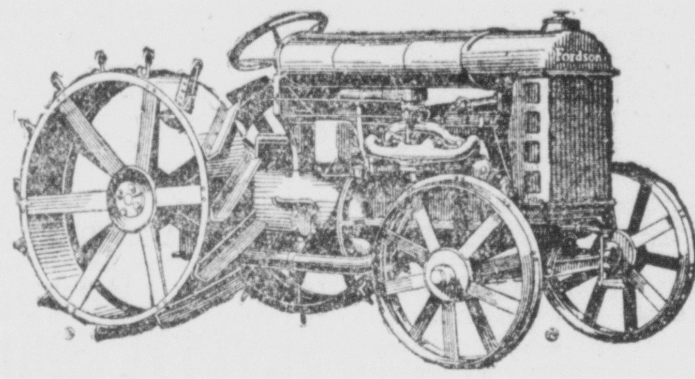

The Fordson is simple in design, and it is very strongly made of the highest quality of iron and steel. It is the product of the greatest mechanical genius the world has ever known, and it is most economical in first cost and after expense. The Fordson Tractor on your farm will increase the value of every foot of ground in that farm. It will put more dollars and cents into every hour you put into the farm.

Now why not have a Fordson right away? Take up the subject with us. Come in and get the details, and all the particulars. It is only a matter of time until you buy a farm tractor—that is sure. So don't put it off when it means money to you to act promptly.

ROAD WILL ISSUE SHIPPER'S GUIDE

The D. T. & I. Railroad under its new policy of extending greater facilities to its shippers and receivers of freight at all points between Detroit and the Ohio River, has decided to publish a beautiful cloth bound Industrial Shippers Directory for free distribution throughout its own as well as the territory tributary to its line.

The directory will list the names of all receivers and shippers of freight tracks upon which located, private sidings, team and industrial tracks, scales, switching charges and arrangements to and from connecting lines, etc., and will also contain a brief history of the cities and villages through which the line runs, with information on waterways, soil and possible future development in industrial and agricultural pursuits.

Mr. Geo. M. Henry, Industrial Agent D. T. & I. R. R., Detroit, Mich., has charge of publishing the directory, and will receive all requests for inclusions of any information that may be found desirable or that will enhance the directory's value as a publicity medium. It is planned to issue the directory annually.

SITUATION BAD AMONG ARMENIANS

Cleveland, November 11.—"Reports from trained investigators now in var-

ious parts of Central Europe and Armenia indicate that there can be no doubt as to the urgent need for a continuation of American help," says Judge A. C. Shattuck, Chairman, Ohio Division, Near East Relief.

"In Armenia," says Judge Shattuck, "a large percentage of the people are still refugees, wearing more or less the same remnants of garments that they wore when driven from their homes five years ago, while in practically every European country people are today living in the same cities and ancestral homes that they occupied before the war, with their orchards, gardens and native lands yielding the usual food supply. They also remain in possession of their factories, machinery, tools and other requisites for productive labor."

SPECIAL TALKS IN OBSERVANCE OF RED CROSS

Ministers of Fayette county, in their pulpits Sunday, urged their congregations to not wait until solicited to join the Red Cross but to offer their subscription at the earliest possible moment.

The sermons preached were in observance of Red Cross Sunday as observed over the nation and to which

ministers of this county gave their efforts in getting the Fourth Roll Call under way.

Attention was also called to the fact that although the war period has passed there is as great need as ever for the Red Cross in this country and in some European countries.

Twenty Thousand Wool Growers of Ohio Back Co-operation With Their Time, Energy and Money

Plant and Officers of the Ohio Sheep and Wool Growers' Association. Above from left to right—J. F. Walker, Secretary; C. S. Plumb, Vice President. Below from left to right—George M. Wilber, Chairman of Executive Committee; L. B. Palmer, President.

WHAT is believed to be the greatest effort in co-operative marketing organized in the United States is being consummated by the Ohio Sheep and Wool Growers' Association, which has just purchased at Columbus a modern plant, with a storage capacity for 8,000,000 pounds of wool and capable of being developed to more than 50,000,000 pounds.

George M. Wilber of Marysville, chairman of the executive committee, says the buildings, which were acquired on advantageous terms, would cost approximately \$500,000 to build at present prices. The new co-operative warehouse, situated just outside the city limits, covers three acres of ground, and is on the city car line, has two spur railroad tracks, and is

equipped with power and heating, electric elevators, automatic sprinkler system, and facilities for loading and unloading six cars at a time.

The ultimate capacity of the plant is considerably larger than the entire wool crop of the state of Ohio, and wool growers of adjoining states will be allowed to participate in the co-operative operations if they desire to do so.

The association has been authorized under the laws of Ohio to issue \$500,000 worth of stock, but only a small portion of this will be put out at present. Stock allotments will be in proportion to the amount of wool produced and the amount authorized in any single county will be limited. Volunteer subscriptions have more than taken care of all the present

financial needs of the association. Wool growers consider Columbus the logical gateway for all fleece wool states. Wool may be shipped to sea board, stop, grade and sell at Columbus and continue east on through bill of lading.

The association started in May, 1918, with 15 members and now has 20,000. In 1919 it handled 2,000,000 pounds of wool.

The officers of the association are all practical wool men, with J. F. Walker of Gambier, the secretary, in general charge of its activities. L. B. Palmer of Pataskala is president. Charles S. Plumb, for many years head of the animal husbandry department of Ohio State university, is vice president, and W. W. Reynolds of Utica is treasurer.

The machine headed eastward passed through this city and out the Circleville pike about 8:15 Friday morning, according to persons who saw it on the Circleville pike, and it was running fully 45 miles an hour, its excessive speed attracting the attention of several persons, who were particular to notice what kind of a car was being driven so rapidly.

At least two men in this city claim that they noticed a car answering the description of the one used by the bandits as it nearly collided with another machine while passing along Court street at the intersection of Court and Main an hour or so after the robbery. This car was being driven at excessive speed, and headed westward toward Cincinnati.

From the evidence thus obtained the conclusion is drawn that the robbers were operating out of Cincinnati, and that the green license tag displayed was probably a Kentucky license, and this might have been changed before endeavoring to enter Cincinnati, or even before reaching this city.

The car seen, passed through this city before the local police had been given a very definite description of the machine.

RABBIT SEASON OPENED MONDAY

The open season on rabbits opened Monday morning.

From the number of hunting licenses taken out at the county clerk's office and township clerks' offices during the last few days the number of hunters in the field will exceed all previous records.

Not to be denied the pleasure of hunting while the rabbits are still plentiful many hunters were in the field when daylight came Monday morning.

The season is from November 15th to January 1st, inclusive.

"But remember," says Clerk of Courts Moots, "that in order to hunt that first day of the new year a 1921 hunting license must be secured."

CUBAN PRICES ARE ENORMOUS

Havana. (By Mail)—American women, disturbed by the mounting cost of living, ought to come to Cuba. The trip would make them satisfied with conditions at home.

Broadly speaking, prices in Havana are just about double the high mark

in top notch American cities. One cause, according to dealers, is the unprecedented port congestion, apparently with little hope of early clearing, and which was resulted in the run of hundreds of tons of necessary products. Whatever the cause, the island is going through a period of high cost, described by papers here as more burdensome than that found elsewhere on the face of the earth.

Even here where it is produced in

sufficient bulk to supply millions elsewhere, sugar retails on the Havana market around 24 cents a pound. Grape fruit, going to waste a few miles from town, sells at New York quotations.

Financial depression, the demand for ready and available cash, and the moratorium, under which banks limits withdrawals to 10 per cent, have failed to start price reduction in the hope of unloading lux-

uries to meet weekly pay rolls. Until the moratorium ends December 1, hotels will not permit patrons to sign barand cafe checks, a time honored custom here. Cash is needed and a man pays when he eats.

"IT BUILT ME UP FIVE YEARS AGO"

Stomach Trouble Gone and Has Gained Twenty Pounds Since Taking Tanlac, Says Crouse.

Although it has been five years now since Harry Crouse, 967 North Fourth street, Columbus, Ohio, foreman for the Timken Auto Bearing Company, realized the remarkable reconstructive powers of Tanlac, like thousands of others who have used it with the same wonderful results, he still finds pleasure telling people about it. A few days ago, while relating his experience with the medicine Mr. Crouse said:

"Yes sir, it was five years ago that Tanlac put an end to a bad case of stomach trouble for me, and not only that, but it put me into shape where I gained twenty pounds in just a few weeks' time."

"At the time I began taking Tanlac and even for years before, I had been in an awful run-down condition, suffering from indigestion in its worst form. My stomach was sour all the time and I had reached the point where I dreaded for mealtime to come for nearly every bite I ate meant trouble for me. Right after eating anything I felt full and weak and my heart would palpitate terribly. I was awfully nervous and felt bilious and nauseated most of the time. I lost a good deal of weight and was so drowsy and out of sorts I was hardly able to get at my work."

"As soon as I started taking Tanlac I knew I had at last found the medicine I needed for the indigestion began to leave me and I commenced to pick up weight I kept on improving until I had gained back all my lost weight and was feeling as fine as I ever did in my life. I could eat anything I wanted without any trouble, was not nervous or bilious and, in fact, was a perfectly well man. That was five years ago and I have been enjoying the best of health ever since and I a short time ago I began to feel weak and run down. I knew how Tanlac had fixed me up before, so I got another bottle and am now back in fine shape again. Several of my friends have started taking Tanlac and they are praising it too."

Tanlac is sold in Washington by C. Haver, Jr. Lowell by Mason's Drug store, in Jeffersonville by J. B. Davis, in Octa by I. W. Murphy and in Milledgeville, E. L. Ford Sons, Lee Ortman, Selden. — Adv.

MORE APPLICANTS FOR JOBS THAN THERE ARE JOBS

Figures Show Ratio In Ohio Is Two Men For One Job

More Women In Demand Than Other Workers

Columbus, Ohio—Positions were offered to but a few more half the number of men who applied for jobs at State-City Free Employment Bureaus, in seven Ohio cities during the month of October, according to figures compiled by George F. Miles, director of employment offices in the state.

Women workers apparently were in greater demand because positions were offered to more than three-fourths of those who applied, the report shows.

The total registration for farm and dairy work was 722 with 698 requests for help.

The demand for farm and dairy workers and the applications for such work were more evenly balanced than any other class of employment according to the report.

In the seven cities, 26,881 men applied for work and requests for workers numbered 14,676. A total of 11,332 women applied for positions and there were 9,404 requests for female help. Unskilled labor and domestic applications lead the lists.

Until recently many jobs, which men gladly take now, went begging and the situation has just reverted itself in the last two months, according to employment officials.

DR. ROSS
Rectal Specialist,
165 N. High St.,
Columbus, O.

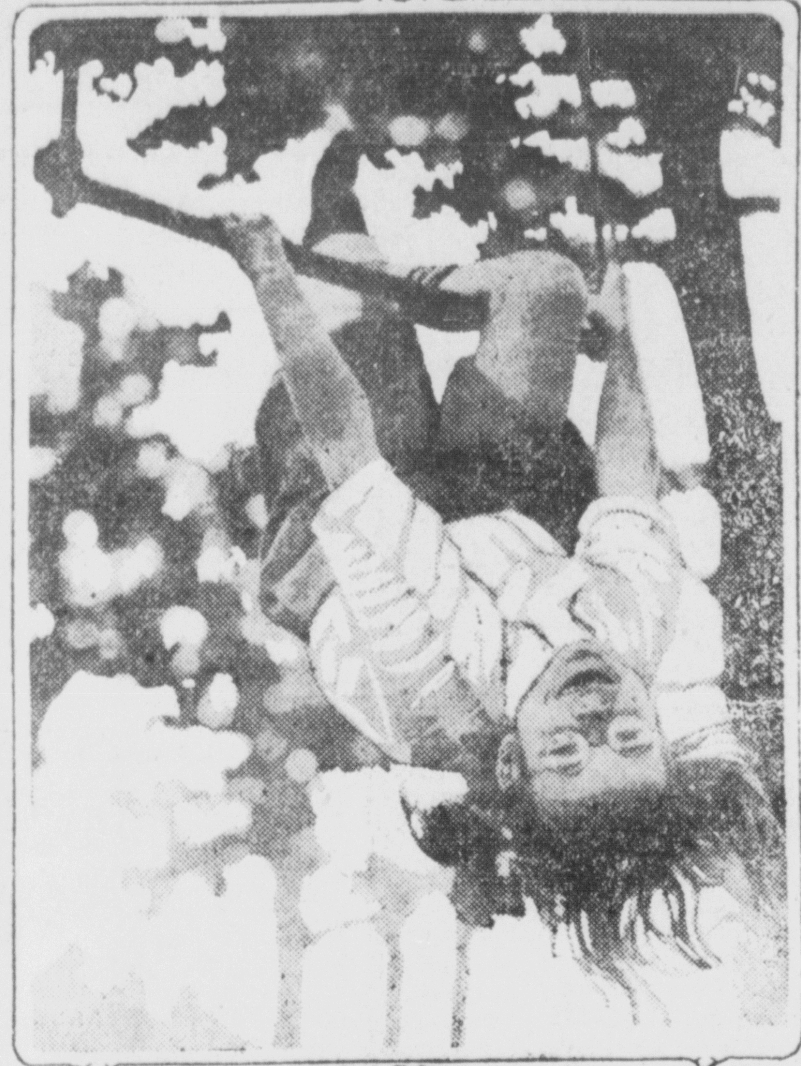

will visit Washington C. H. again

Thursday, Nov. 18th

and will stop at The Cherry House. The patients from this vicinity who are now taking treatment from Dr. Ross are doing nicely and have not been detained from their business in the least. Compare this with the usual methods which necessitate you to go to the hospital, and considerable extra expense.

You cannot afford to suffer with Piles, Fistula, Fissure, Itching or any other rectal disease when you can be restored to health very quickly by mild methods.

Call and see the Doctor on his next visit and let him tell you just what he can do for you. You may have an opportunity to meet some of his patients also. His hours are 9 to 4, or by appointment. His book on Rectal Diseases is sent free. Adv.

ATHLETIC PEGGY WORRIES WAR SECRETARY

Peggy "doing a turn" on the horizontal bar

So daring has Peggy Baker, daughter of War Secretary Baker become on the "trapeze," as her father calls it, that he recently pleaded with "ma" to "make her stop."

In Akron applications made by males for skilled, unskilled, clerical and professional places totalled 4866. Help wanted requests numbered 3604. Of this number 2042 were reported placed. In the same city 1019 women applied for positions as domestics, industrial, clerical and professional workers. Positions were offered 896 and 814 were reported placed.

The Cincinnati bureau had 545 requests for male help. A total of 1044 men applied during the month, 470 of whom were reported placed. Of 612 women who applied for 582 places 355 were reported placed.

Cleveland led the state in male applications, 7,398 applying for 2653 jobs of which 2454 were reported placed. Of 4830 women who applied for 3640 jobs, 2896 were reported placed.

HARTMAN THEATER

COLUMBUS

Always a popular favorite since its inception several years ago, "Twin Beds," which returns to the Hartman Theater for its annual engagement next Thursday night, November 18, bids fair to rival the few great American plays which years cannot dim in the appreciation of American audiences. It stands today the ace of farces on the American stage and made an instantaneous hit when first presented, fresh from the pens of Margaret Mayo and Salisbury Field several years ago. Joseph Crehan and Zaina Curzon head the splendid cast in the roles of the young married pair. Miss Curzon headed the original cast. Artoinette Rochte, R. M. D'Angelo, Bennett Finn, Callie Van Vliet and others are also in the personnel. A Saturday matinee is scheduled. Mail orders are already being received.

HOW TO KEEP YOUNG

And Guard Against a Premature Breakdown

A very large percentage of men and women of middle age break down prematurely from apoplexy, nerve, heart or kidney troubles.

The only way to avoid it is to conserve vitality and strengthen vital resistance by keeping the blood corpuscles properly balanced.

If people in this vicinity who have poor devalitized blood, are weak, run-down, nervous and ailing could only realize the benefit to be derived from Vinol, our cod liver and iron strength creator and body-builder, druggists would not be able to supply the demand.

Mrs. W. J. Nixon says: "I was sick for months, had no appetite and no strength; my doctor advised Vinol. It gave me a hearty appetite and restored my strength after everything else had failed." Why don't you try Vinol? —Adv.
